Dear D. D. Kaddam,

I wrote a few weeks  
ago mentioning Mr. Samuelson  
of the Native Affairs Dept<sup>t</sup>  
Katal who has, I believe,  
written you direct. I

have also communicated  
with Col Stanford C.D. C.M.G.  
the head of Native Affairs  
at Cape Town, he answered  
very kindly & stated he also  
would write you direct.

Mr. Black is up here on a  
visit & tells me that an  
important work is being  
brought out in London  
giving probably much of  
the information you want.  
She does not know the  
publisher but tells me it  
is being prepared & seen  
thru the press by Mr. D.

Theal (It will be soon under  
on Sapien history) to  
his address is

26 South Hill Park  
Hampstead

It consists of the material  
compiled many years ago by the  
late Mr. Storer, dealing with the  
history of the Native Races &  
is sure to be of quite  
exceptional value.

I believe Mrs. Black's sister,  
Miss Lloyd, has also to do with  
this work. It might be  
worth your while to get into  
communication with A. Theal.

hoping you will get all  
the facts you want from  
some or other of the  
sources I have mentioned  
- & that nothing will  
interfere with the  
pleasure of having you  
& your daughter at our  
house in any way.

Yours very sincerely  
J. P. Haddon.
